

SAFETY IS NOT AN ACCIDENT

**BUILDING A FUTURE
WHERE RESPONSIBILITY
FOLLOWS EVERY CHILD**

The Courage to Speak Up Should Never Lead to More Trauma

Imagine a child in Ngong who has experienced the unthinkable. When they finally find the courage to seek help, where do they go? Too often, the path to justice leads to intimidating, cold environments that re-traumatize a child right when they are most vulnerable.

Where Children Gather, Responsibility Must Follow

Safe environments don't happen by chance. They are built intentionally by people and institutions willing to take responsibility.

The Three Pillars of a Safe Community

We are bringing this vision to life through three strategic, community-level initiatives.

Designing a Sanctuary for Justice at Ngong Police Station

Constructing a child-friendly, dignified space where children can report cases and access justice without fear or the pain of re-traumatization.

Celebrating Local Champions to Shift Culture

The **Child Protection Awards**. Making safeguarding a visible, valued, and shared responsibility across the entire Ngong community.

Creating an Unbroken Circle of Protection

The intersection of these three pillars creates an environment where a child is protected at every touchpoint.

Child Protection is a Collective Journey

Building safer, more responsive systems requires collaboration across education, law enforcement, community leadership, and development partners. You become part of a growing movement.
